Re: Medical Dispute Resolution  
MDR #: M2-03-1811-01  
IRO Certificate No.: 5055

In accordance with the requirement for TWCC to randomly assign cases to IROs, TWCC assigned your case to \_\_\_\_ for an independent review. \_\_\_\_ has performed an independent review of the medical records to determine medical necessity. In performing this review, \_\_\_\_ reviewed relevant medical records, any documents provided by the parties referenced above, and any documentation and written information submitted in support of the dispute.

The independent review was performed by a matched peer with the treating health care provider. Your case was reviewed by a physician who is Board Certified in Orthopedic Surgery.

**Clinical History:**

This 52-year-old female claimant was injured on-the-job on \_\_\_\_\_. She underwent a global fusion at L4 through the sacrum. She is on chronic pain medications, Neurontin, OxyContin and Norco. She appears not to have achieved satisfactory results from her fusion, and does not appear to have changed her medication utilization.

**Disputed Services:**

Proposed purchase of interferential muscle stimulator.

**Decision:**

I agree with the determination of the insurance carrier. The interferential muscle stimulator is not medically necessary in this case.

**Rationale:**

There is an absence of unbiased peer review studies that identify a long term beneficial outcome for the utilization of this form of electrotherapy.

I am the Secretary and General Counsel of \_\_\_\_ and I certify that the reviewing physician in this case has certified to our organization that there are no known conflicts of interest that exist between him and any of the treating physicians or other health care providers or any of the physicians or other health care providers who reviewed this care for determination prior to referral to the Independent Review Organization.

We are simultaneously forwarding copies of this report to the payor and the Texas Workers' Compensation Commission. This decision by \_\_\_\_ is deemed to be a Commission decision and order.
